LETTER from the PRESIDENT

Sharing pictures and memories from the past. Can you believe those pictures are about 50 years old? Those old time airboaters built their own boats or helped each other put a boat together. Those guys remember the days when you went to the junk yard to get a motor or parts. They could put a boat together for a few hundred bucks and some horse trading with other boaters.

Airboaters back in those days were just trying to figure it out, by trial and error. They really were pioneers in the history of Nebraska airboating. They always had fun and enjoyed the freedom of the river. What a community

of family and friends they made out there on the river. Just think of the pictures our kids will share in the next 50 years.

The Fremont Airboat Club and the NAA are both great organizations built on family and friends. I thank everyone who sponsored, hosted or supported an event this year. Let’s keep the enjoyment and freedom of the river going.

Jay Kern
NAA President

Airboat Poker Run

The June 17th Poker Run hosted by Randy Kassmeirer and Justin Thiesen had about 40 airboats, with 115 poker hand participates. The run went from the Fremont Hwy 77 bridge to the North Bend Hwy 79 bridge, with a couple stops in-between. Everyone enjoyed grilled pork sandwiches, with some fixin' on the side. This event raised \$250 for the NAA. Thank you to all of the volunteers and participants who made this event a Great success! Randy and Justin will be holding this Poker Run on the 3rd Saturday in June next year as well.

Mark your calendars & Save the Date!

6/16/18 two pair again,
sure to be another winner.

AIRBOATER'S CODE *of* ETHICS

1. I will respect the rights of all users of the recreational waterways of the state, on public waters and on adjacent private property.
2. I will be considerate and courteous at public vessel launch ramps and docks. In an effort to not delay others, I will launch and retrieve my vessel promptly.
3. I will always operate at a safe speed in posted "No Wake" zones.
4. When approaching the shoreline, I will be especially aware of swimmers and other water vessels near the shoreline.
5. I realize that my vessel's equipment, ability, weather conditions, and especially other vessel traffic should determine my vessel speed.
6. In case of an emergency, I will volunteer assistance.
7. I am aware that my vessel creates air propeller wash and will use idle speed near the shoreline and in close proximity to boat launch ramps.
8. I will ensure that all passengers in my vessel are equipped with safety equipment, including life vests, ear protection, eye protection, and required safety equipment.
9. I will avoid unnecessary disturbance of wildlife and will not enter posted "No Trespass" areas.
10. I will pay close attention to the engine sound levels that my vessel may create and be aware of how others on vessels and on the shoreline will react to it.
11. I will not litter and will bring back all trash. I will be careful in handling my fuel.
12. I will not interfere with or harass others. I realize that people will judge all airboaters by my individual actions.

Nebraska Airboat Association 05/1995

The NAA was formed in May 1995. Its purpose is to preserve and protect the rights of airboat owners, by working with public and state agencies. We also need to be good stewards of the river and surrounding land, encourage safe and responsible recreation. Protect its watershed from degradation and increase the community's appreciation of its natural beauty.

Defend Our Rights: We have a lobbyist for the association to watch for changing legislation.

Promote and Enhance Good Stewardship: Encouraging others to join the NAA and always trying to improve our organization.

Encouraging Safe and Responsible Recreation: We look out for each other and assist boats and passengers in trouble. Make sure everyone gets home safe to boat another day.

Protect Watershed from Degradation: Be mindful of what you put into the river. Keeping our waters clean and clear of debris and trash will keep our rivers beautiful. Working to protect banks and property is a challenge but worth the fight to preserve our lands next to the river.

Community Appreciation for the River's Natural Beauty: By bringing our family and friends to the river for a fun outing teaches others of our states great resources, while just simply out for a good time together. Teaching our children who will be the next generation of boat owners ensures that the tradition carries on.

The purpose of the NAA is to be good guardians for the rivers we love.
